## Institutional Characteristics 2011-12

Institution: University of South Florida Sarasota-Manatee (451671)

User ID: P4516711

### Overview

#### **Institutional Characteristics Overview**

Welcome to the Institutional Characteristics (IC) survey. This survey collects important information about your institution's mission, admissions, students services, and student charges.

Much of the data reported on IC appear on College Navigator, a college search service for students. Please report data correctly, as College Navigator is only updated one time after IC data have been reviewed, so errors may stay on the website for a full year.

Additionally, the cost (price) of attendance data are used to calculate the net price of attendance in the Student Financial Aid survey. This has important implications for what students see about your institution, and also for the College Affordability and Transparency lists.

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk and ask for help to make sure that you are reporting correctly! Changes to Institutional Characteristics:

- The systems question is now part of the IC Header.
- There is a new question that asks whether all of the programs at your institution are offered completely via distance education.
- !! Cost (price) of attendance data for program reporters will be collected for the length of the program (tuition and fees, books and supplies) or for 4 weeks (room and board, other expenses). This is to better align IC cost of attendance with SFA data for the net price calculation. Based on the data entered, program cost of attendance and academic year cost of attendance will be calculated. Please review all of these values very carefully

Reviews of the IC survey data indicate a number of places where many people make errors. Please review the common errors listed below to ensure your institution does not make any reporting errors which may affect your institution's appearance to students and others.

- **Do not try to outsmart fatal errors.** In some cases, this provides false information to students or may cause an institution to appear on the College Affordability and Transparency lists. Fatal errors are there for a reason contact the Help Desk at 877.225.2568 and they will happily help you to figure out what you are doing incorrectly, or provide an override if necessary. &nbsp&nbsp&nbsp&nbsp
- Admissions data are for first-time students only. &nbsp&nbsp&nbsp&nbsp&nbsp
- Many institutions are open admission but indicate that they are not. If your institution only requires a
  GED or other high school equivalent and/or an ability to benefit test, and admits almost all students that
  apply, your institution is open admission.
- If your institution makes numerous exceptions to an on-campus housing requirement, you should not
  indicate that you require students to live on campus. This leads to inconsistent and problematic reporting
  on the Student Financial Aid survey.
- Academic year reporters need to report tuition, fees, and living expenses for the entire academic year for which they are reporting. In order to be consistent with other institutions in IPEDS, please use the IPEDS definition of an academic year.

# **Part A - Mission Statement**

1. Provide the institution's mission statement or a web address (URL) where the mission statement can be found. Typed statements are limited to 2,000 characters or less. The mission statement will be available to the public on College Navigator.

| Mission Statement URL:                  | http://www.sarasota.us   |
|---|--|
|   | Please begin URL with "http://" or "https://"  |

## **Part B - Estimated Fall Enrollment**

### **Estimated 2011 Fall Enrollment**

Provide an early estimate of the institution's fall enrollment for all levels offered. Levels should match those indicated 'Yes' in the IC Header survey. If you made an error in the Header survey, please contact the Help Desk.

## These data will NOT appear in College Navigator, but will be made available via the IPEDS Data Center.

Estimates should be based on the definitions used in the IPEDS Fall Enrollment component submitted during the spring collection (for academic institutions report an estimate of the students that are/will be enrolled as of October 15, 2011; for program reporter institutions report an estimate of students enrolled in your institution at any time between August 1 and October 31, 2011). Prior year (PY) Fall Enrollment counts are provided for reference.

**Summary** 

# Institutional Characteristics Component Summary Academic Year Reporters

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2012.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or <a href="mailto:ipedshelp@rti.org">ipedshelp@rti.org</a>.
